

Mohammed Atef

Mohammed.Atef.Ewais@gmail.com / 201023870133 / Dokki, Giza

Summary

As a third-year computer science student and software engineer, I possess significant experience working with HTML, CSS, JavaScript, React, and Angular. My skill set includes building responsive web applications and collaborating effectively with cross-functional teams. I am highly motivated to create engaging and user-friendly interfaces, and I am committed to continuously learning and expanding my knowledge of software development principles.

Education

Computer Science

Ain Shams University • El-Abbasia, Cairo
08/2024

I am currently pursuing my Bachelor's degree in Computer and Information Science at Ain Shams University, with an expected graduation date of 2024.

Skills
